Utah is a place where prehistory intersects with the enduring spirit of the West. Wild, adventure-rich places cradle vibrant urban centers.

With interstates and airplanes, the world can feel pretty small. On Utah's roads, the world feels grand; its horizons seem infinite.

Welcome to Utah!

Great adventures begin with a map and a plan, and Utah is bursting with opportunities to explore. Whether you're traveling from the Salt Lake City International Airport to one of 14 world class ski resorts, hiking through The Mighty 50 national parks or visiting one of hundreds of annual festivals statewide, Utah has much to offer by way of adventures untold.

The wide-open space between the purple mountains majesty of northern Utah and southern Utah's magnificent red rock landscapes offers extraordinary potential for lasting memories and discovery. This map will give you a start, but it is ultimately up to you to choose your course on the Road to Mighty®. I wish you the best of luck on your travels through the great State of Utah.

TRAVELER INFORMATION

Zero Fatalities

A Goal We Can All Live With

Utah's ultimate goal is Zero Fatalities on our roads, because the loss of even one life is too many. In order to reach that goal, UDOT has identified five behaviors that contribute to fatalities in our state: drowsy driving, distracted driving, impaired driving, aggressive driving and not buckling up. Did you know:

- Drowsy driving is as dangerous as drunk driving?
- In Utah, the two biggest causes of distracted driving crashes are cell phones & passengers?
- Two-thirds of nationwide traffic fatalities are due to aggressive driving such as speeding, running red lights, tailgating or weaving?
- Somebody dies every 51 minutes from a drunk-driving crash in the U.S.?
- The most common contributing factor to roadway fatalities is not buckling up? The best thing you can do to keep from becoming a fatality statistic is to wear your seat belt.

When you're traveling Utah roads, please avoid these behaviors so that together, we can reach our collective goal: Zero Fatalities. It's a goal we can all live with. Visit zerofatalities.com for more information.
